

## **CURRICULUM GUIDES**

As curriculum guides are prepared in the various subject areas of instruction, they shall be submitted to the Governing Board by the Superintendent for approval.

Committees of teachers, principals, and consultants shall be formed as needed by the Executive Directors, Elementary and Secondary Instructional Services, or Deputy Superintendent, Education, in the preparation of curriculum guides.

These guides shall provide an outline for proposed instruction in school (Grades K-12).

As the curriculum guides are developed, District objectives, state standards, task force reports and frameworks should be consulted to ensure a match between what is being taught and what is being assessed.
