

# Family Elementary Survey Results

On October 27, 2020, CUSD staff sent out a survey to gather feedback on our health and safety measures and our in-person learning programs so we can continue to improve the educational experience for all of our students. The survey closed on November 3, 2020.

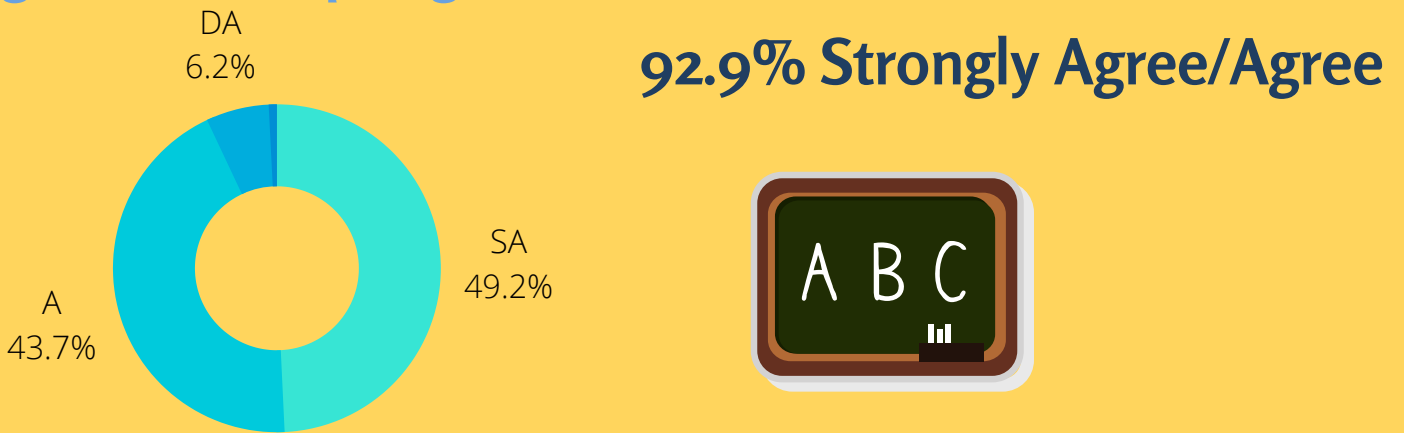

- 5,933 survey responses were provided
- 5,702 responses in English and 231 in Spanish

## INSTRUCTIONAL PROGRAMS

My child is learning in their instructional program

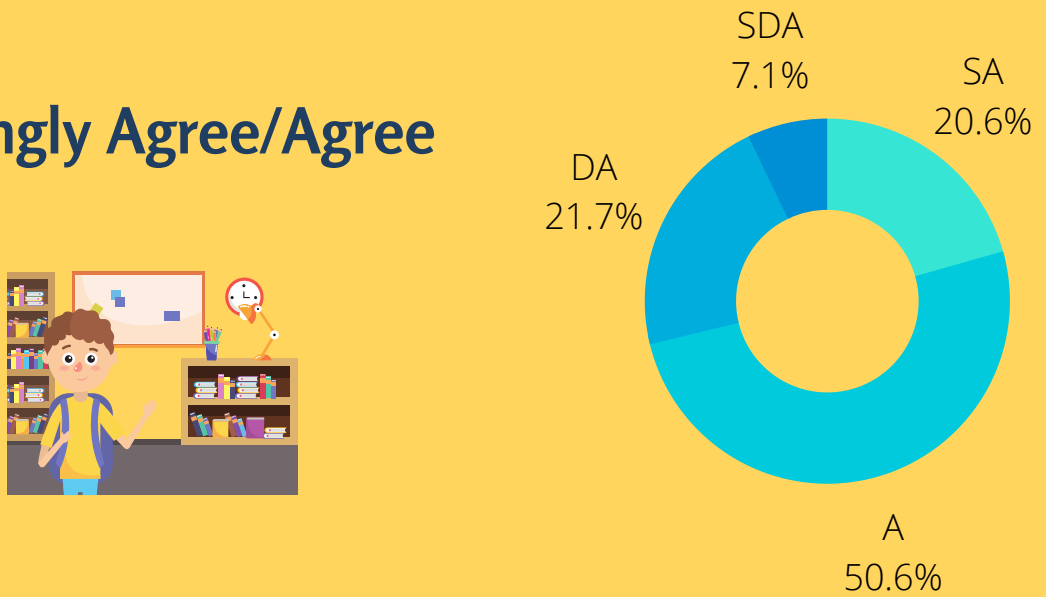

My child's current instructional program has improved as compared to the distance learning program from Spring 2020

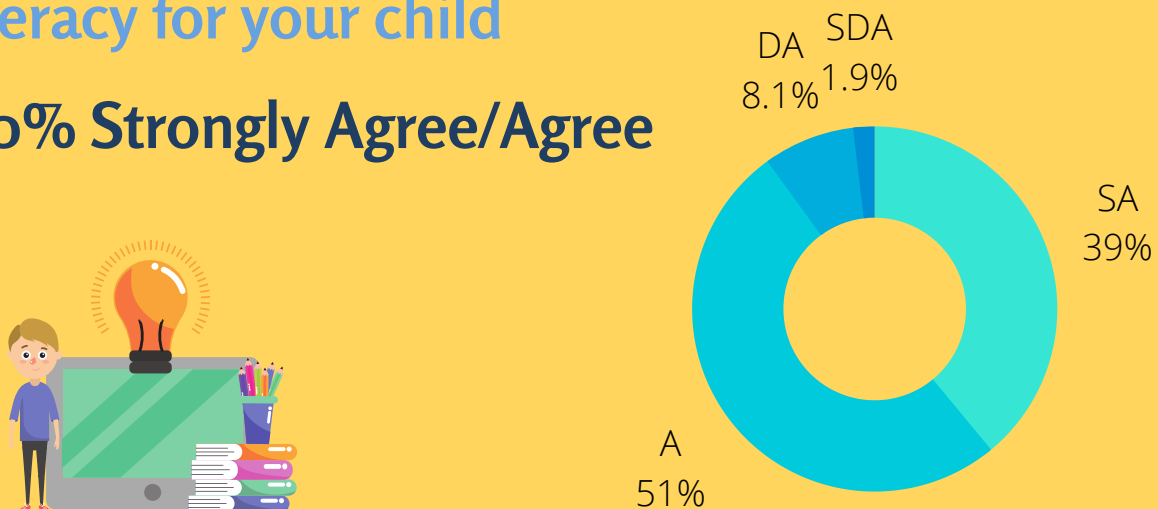

For families whose children are in Program A with extended learning, please indicate how effective the extending learning portion of the day has been for your child

**71.2% Strongly Agree/Agree**

For families whose children are in program C, please indicate how effective the instructional time with the teacher has been in providing support in literacy and numeracy for your child

**90% Strongly Agree/Agree**

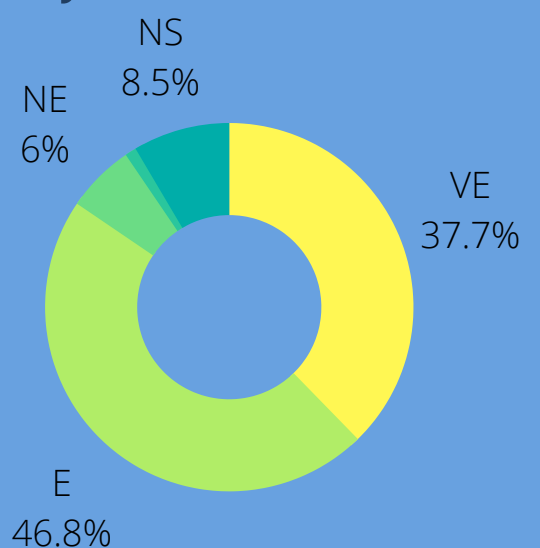

# LITERACY AND NUMERACY

Programs A and B include 2-1/2 hours of classroom time with the teacher with an instructional focus on literacy (reading and writing) and numeracy (mathematics and math concepts).

Effectiveness of this 2-1/2 hour instructional time is . . . .

**84.5% View as Very Effective/Effective**

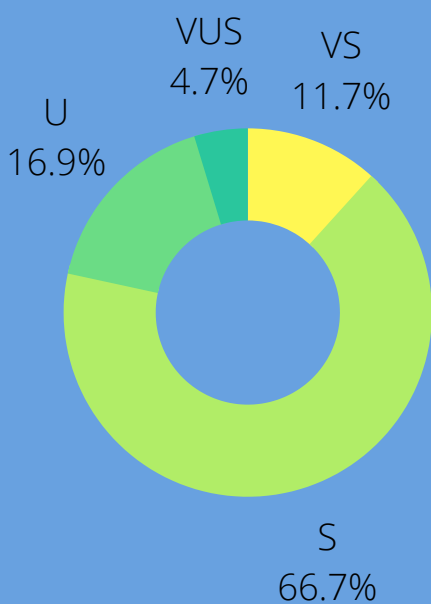

- Very Effective
- Effective
- Not effective
- Very Ineffective
- Not Sure
