**LEAD FREE PAINT REQUIREMENTS**

**TO BE EXECUTED AND SUBMITTED BY SUCCESSFUL CONTRACTOR**

In recent years, lead-based paint and other materials have come to the forefront of the regulatory process. Regulatory agencies such as the California Occupational safety and Health Administration (Cal OSHA), Environmental Protection Agency (EPA), California Department of Health Services (DHS), California Department of Education (CDE), and the Consumer Product Safety Commission (CPSC) have all regulated, in some manner, lead-containing paint and lead products.

Because CONTRACTOR and its employees will be providing services for the Palo Verde Unified School District ("DISTRICT"), and because CONTRACTOR'S work may disturb lead containing building materials, **CONTRACTOR IS HEREBY NOTIFIED** of the potential presence of lead containing materials located within certain buildings utilized by DISTRICT. Lead was used extensively in paint because it rendered the paint more durable. All school buildings built prior to 1993 are presumed to contain some lead-based paint until sampling proves otherwise.

Although the regulatory process is not yet complete, there are several regulations currently in place that effect school DISTRICTS. The CDE mandates that school DISTRICT'S utilize DHS lead-certified personnel when a lead-based hazard is identified. Examples of lead-certified personnel includes project designers, inspectors, and abatement workers. The California Education Code also prohibits the use of lead-containing paint, lead plumbing and solders, or other potential sources of lead contamination in the construction of any new school facility or in the modernization or renovation of any existing school facility.

**FURTHERMORE, SINCE IT IS ASSUMED BY DISTRICT THAT ALL PAINTED SURFACES (INTERIOR AS WELL AS EXTERIOR) WITHIN DISTRICT CONTAIN SOME LEVEL OF LEAD, IT IS IMPERATIVE THAT CONTRACTOR, ITS WORKERS AND SUBCONTRACTORS FULLY AND ADEQUATELY COMPLY WITH ALL APPLICABLE LAWS, RULES AND REGULATIONS GOVERNING LEAD-BASED MATERIALS (INCLUDING TITLE 8, CALIFORNIA CODE OF REGULATIONS, SECTION 1532.1).**

If failure to comply with these laws, rules and regulations results in a site or worker contamination, CONTRACTOR will be held solely responsible for all costs involved in any required corrective actions, and shall defend, indemnify and hold harmless DISTRICT, pursuant to the indemnification provisions of the Contract Documents, for all damages and other claims arising there from. If lead disturbance is anticipated in your scope of work, only persons with appropriate accreditation, registrations, licenses and training shall conduct this work. Please note that, unless otherwise specifically required in the contract documents, DISTRICT will require full lead abatement by licensed abatement CONTRACTORS only if required by Cal-OSHA or any other state or federal agency with jurisdiction to impose such requirement.

It shall be the responsibility of CONTRACTOR to properly dispose of any and all waste products, including but not limited to, paint chips, any collected residue, or any other visual material that may occur from the prepping of any painted surface. It will be the responsibility of CONTRACTOR to provide the proper disposal of any hazardous waste by a certified hazardous waste hauler. this company shall be registered with the Department of Transportation (DOT) and shall be able to issue a current manifest number upon transporting any hazardous material from any school site within DISTRICT.

DISTRICT shall require CONTRACTOR to provide any sample results prior to beginning work, during the work, and after the completion of each job. Along with these records, DISTRICT will request to examine, prior to the commencement of work, the lead training records of each employee of CONTRACTOR.

Any and all work that may result in the disturbance of lead containing building materials must be coordinated through DISTRICT'S Maintenance & Operations Department. A signed copy of this correspondence must be on file prior to beginning work, along with all current insurance certificates.

**EXHIBIT B**  
**DAVIS-BACON PAYROLL INFORMATION & INSTRUCTIONS**

The Davis-Bacon and Related Acts apply to contractors and subcontractors performing on federally funded or assisted contracts in excess of \$2,000 for the construction, alteration, or repair (including painting and decorating) of public buildings or public works.

The Department of Labor regulations define construction and renovation very broadly to include all types of work on a particular building or work at a building site. Included within the meaning of the phrase "construction, prosecution, completion or repair" is altering, remodeling, and installation at the work site of items fabricated off the site; painting and decorating; and manufacturing or furnishing and transportation between the actual construction location and a facility that is dedicated to such construction and deemed a part of the work. The "site of the work" does not include the permanent home offices of the contractor or subcontractor. "Laborers and mechanics," according to the Department of Labor regulations, "includes at least those workers whose duties are manual or physical in nature (including those workers who use tools or who are performing the work of a trade), as distinguished from mental or managerial ... the term does not apply to workers whose duties are primarily administrative, executive, or clerical, rather than manual. Laborers and mechanics include apprentices, trainees, and helpers. Categories of workers considered not to be laborers or mechanics when, in the course of their duties, they perform no manual or physical work on the construction project are architects and engineers, timekeepers, and inspectors. Nonexempt working forepersons who devote more than 20 percent of their time during a workweek to mechanic or laborer duties, and who do not meet the exemption criteria of 29 CFR 541, are laborers and mechanics for the time so spent. The working foreperson is due the rate listed in the contract wage determination for the classification of work performed. Owners of a subcontractor firm who are themselves performing the work of laborers and mechanics are entitled to the applicable prevailing wage rate for the classification of work performed. If the subcontract price covers the applicable prevailing wage rate for the number of hours worked as a laborer or mechanic on the job, the Dept. of Labor considers the owner/subcontractor to have been paid in compliance.

**Basic Provisions/Requirements**

The Act requires that all contractors and subcontractors performing on federal contracts (and contractors or subcontractors performing on federally assisted contracts under the related Acts) in excess of \$2,000 pay their laborers and mechanics not less than the prevailing wage rates and fringe benefits, as determined by the Secretary of Labor, for corresponding classes of laborers and mechanics employed on similar projects in the area.

Apprentices and trainees may be employed at less than predetermined rates. Apprentices must be employed pursuant to an apprenticeship program registered with the Department of Labor or with a state apprenticeship agency recognized by the Department. Trainees must be employed pursuant to a training program certified by the Department.

Contractors and subcontractors on prime contracts in excess of \$100,000 are also required, pursuant to the Contract Work Hours and Safety Standards Act, to pay employees one and one-half times their basic rates of pay for all hours over 40 worked on covered contract work in a workweek.

Contractors and subcontractors subject to the Davis-Bacon Act must furnish each week a statement on the wages paid each of its employees engaged in work covered by the Act during the preceding weekly payroll period.

**Certified Payroll**

Under the Davis-Bacon and Related Acts (DBRA), covered contractors must maintain payrolls and basic records and submit certified weekly payrolls on the attached Payroll Form WH-347.

This form has been made available for the convenience of contractors and subcontractors required by their Federal or Federally-aided construction-type contracts and subcontracts to submit weekly payrolls. Properly filled out, this form will satisfy the requirements of Regulations, Parts 3 and 5 (29 CFR, Subtitle A), as to payrolls submitted in connection with contracts subject to the Davis-Bacon and related Acts.

**This statement must be delivered or mailed within seven days of the payroll period to the Owner or his representative.**

**Employee Rights**

The Davis-Bacon and Related Acts provide laborers and mechanics on covered federally financed or assisted construction contracts the right to receive at least the locally prevailing wage rate and fringe benefits, as determined by the Department of Labor, for the type of work performed. The Wage and Hour Division of the Department's Employment Standards Administration and respective federal contracting agencies accept complaints of alleged Davis-Bacon violations.

**Compliance Assistance Available**

The Wage and Hour Division of the Employment Standards Administration administers and enforces the Davis-Bacon Act. More detailed information, including copies of explanatory brochures and regulatory and interpretative materials, may be obtained by contacting the Wage and Hour Division's local office. Compliance assistance information may also be obtained on the Wage and Hour Division's Web site or by contacting the Wage and Hour Division help line at 1-866-4USWAGE.

**Penalties/Sanctions**

Contractors or subcontractors found to have disregarded their obligations to employees, or to have committed aggravated or willful violations while performing work on Davis-Bacon covered projects, may be subject to contract termination and debarment from future contracts for up to three years. In addition, contract payments may be withheld in sufficient amounts to satisfy liabilities for unpaid wages and liquidated damages that result from overtime violations of the Contract Work Hours and Safety Standards Act.

Contractors and subcontractors may challenge determinations of violations and debarment before an Administrative Law Judge (ALJ). Contractors and subcontractors may appeal decisions by ALJ's with the Department's Administrative Review Board. Final Board determinations on violations may be appealed to and are enforceable through the federal courts.

Falsification of certified payroll records or the required kickback of wages may subject a contractor or subcontractor to civil or criminal prosecution, the penalty for which may be fines and/or imprisonment.

**Labor Compliance Program Administration**

For all projects in excess of \$60,000, DISTRICT'S third party labor compliance contractor will administrate all aspects of DISTRICT'S labor compliance program (LCP).

**Wage and Hour Division (WHD)  
Instructions for Completing Payroll Form, WH-347**

- o [WH-347](#) (PDF)  
OMB Control No. 1235-0008, Expires 02/28/2018.

**General:** Form WH-347 has been made available for the convenience of contractors and subcontractors required by their Federal or Federally-aided construction-type contracts and subcontracts to submit weekly payrolls. Properly filled out, this form will satisfy the requirements of Regulations, Parts 3 and 5 (29 C.F.R., Subtitle A), as to payrolls submitted in connection with contracts subject to the Davis-Bacon and related Acts.

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) requires contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) Regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

Under the Davis-Bacon and related Acts, the contractor is required to pay not less than prevailing wage, including fringe benefits, as predetermined by the Department of Labor. The contractor's obligation to pay fringe benefits may be met either by payment of the fringe benefits to bona fide benefit plans, funds or programs or by making payments to the covered workers (laborers and mechanics) as cash in lieu of fringe benefits.

This payroll provides for the contractor to show on the face of the payroll all monies to each worker, whether as basic rates or as cash in lieu of fringe benefits, and provides for the contractor's representation in the statement of compliance on the payroll (as shown on page 2) that he/she is paying for fringe benefits required by the contract and not paid as cash in lieu of fringe benefits. Detailed instructions concerning the preparation of the payroll follow:

**Contractor or Subcontractor:** Fill in your firm's name and check the appropriate box.

**Address:** Fill in your firm's address.

**Payroll No.:** Beginning with the number "1", list the payroll number for the submission.

**For Week Ending:** List the work week ending date.

**Project and Location:** Self-explanatory.

**Project or Contract No.:** Self-explanatory.

**Column 1 - Name and Individual Identifying Number of Worker:** Enter each worker's full name and an individual identifying number (e.g., last four digits of worker's social security number) on each weekly payroll submitted.

**Column 2 - No. of Withholding Exemptions:** This column is merely inserted for the employer's convenience and is not a requirement of Regulations, Part 3 and 5.

**Column 3 - Work Classifications:** List classification descriptive of work actually performed by each laborer or mechanic. Consult classification and minimum wage schedule set forth in contract specifications. If additional classifications are deemed necessary, see Contracting Officer or Agency representative. An individual may be shown as having worked in more than one classification provided an accurate breakdown or hours worked in each classification is maintained and shown on the submitted payroll by use of separate entries.

**Column 4 - Hours worked:** List the day and date and straight time and overtime hours worked in the applicable boxes. On all contracts subject to the Contract Work Hours Standard Act, enter hours worked in excess of 40 hours a week as "overtime".

**Column 5 - Total:** Self-explanatory

**Column 6 - Rate of Pay (Including Fringe Benefits):** In the "straight time" box for each worker, list the actual hourly rate paid for straight time worked, plus cash paid in lieu of fringe benefits paid. When recording the straight time hourly rate, any cash paid in lieu of fringe benefits may be shown separately from the basic rate. For example, "\$12.25/.40" would reflect a \$12.25 base hourly rate plus \$0.40 for fringe benefits. This is of assistance in correctly computing overtime. See "Fringe Benefits" below. When overtime is worked, show the overtime hourly rate paid plus any cash in lieu of fringe benefits paid in the "overtime" box for each worker; otherwise, you may skip this box. See "Fringe Benefits" below. Payment of not less than time and one-half the basic or regular rate paid is required for overtime under the Contract Work Hours Standard Act of 1962 if the prime contract exceeds \$100,000. In addition to paying no less than the predetermined rate for the classification which an individual works, the contractor must pay amounts predetermined as fringe benefits in the wage decision made part of the contract to approved fringe benefit plans, funds or programs or shall pay as cash in lieu of fringe benefits. See "FRINGE BENEFITS" below.

**Column 7 - Gross Amount Earned:** Enter gross amount earned on this project. If part of a worker's weekly wage was earned on projects other than the project described on this payroll, enter in column 7 first the amount earned on the Federal or Federally assisted project and then the gross amount earned during the week on all projects, thus "\$163.00/\$420.00" would reflect the earnings of a worker who earned \$163.00 on a Federally assisted construction project during a week in which \$420.00 was earned on all work.

**Column 8 - Deductions:** Five columns are provided for showing deductions made. If more than five deductions are involved, use the first four columns and show the balance deductions under "Other" column; show actual total under "Total Deductions" column; and in the attachment to the payroll describe the deduction(s) contained in the "Other" column. All deductions must be in accordance with the provisions of the Copeland Act Regulations, 29 C.F.R., Part 3. If an individual worked on other jobs in addition to this project, show actual deductions from his/her weekly gross wage, and indicate that deductions are based on his gross wages.

**Column 9 - Net Wages Paid for Week:** Self-explanatory.

**Totals** - Space has been left at the bottom of the columns so that totals may be shown if the contractor so desires.

**Statement Required by Regulations, Parts 3 and 5:** While the "statement of compliance" need not be notarized, the statement (on page 2 of the payroll form) is subject to the penalties provided by 18 U.S.C. § 1001, namely, a fine, possible imprisonment of not more than 5 years, or both. Accordingly, the party signing this statement should have knowledge of the facts represented as true.

**Items 1 and 2:** Space has been provided between items (1) and (2) of the statement for describing any deductions made. If all deductions made are adequately described in the "Deductions" column above, state "See Deductions column in this payroll." See "FRINGE BENEFITS" below for instructions concerning filling out paragraph 4 of the statement.

**Item 4 FRINGE BENEFITS - Contractors who pay all required fringe benefits:** If paying all fringe benefits to approved plans, funds, or programs in amounts not less than were determined in the applicable wage decision of the Secretary of Labor, show the basic cash hourly rate and overtime rate paid to each worker on the face of the payroll and check paragraph 4(a) of the statement on page 2 of the WH-347 payroll form to indicate the payment. Note any exceptions in section 4(c).

**Contractors who pay no fringe benefits:** If not paying all fringe benefits to approved plans, funds, or programs in amounts of at least those that were determined in the applicable wage decision of the Secretary of Labor, pay any remaining fringe benefit amount to each laborer and mechanic and insert in the "straight time" of the "Rate of Pay" column of the payroll an amount not less than the predetermined rate for each classification plus the amount of fringe benefits determined for each classification in the application wage decision. Inasmuch as it is not necessary to pay time and a half on cash paid in lieu of fringe benefits, the overtime rate shall be not less than the sum of the basic predetermined rate, plus the half time premium on basic or regular rate, plus the required cash in lieu of fringe benefits at the straight time rate. In addition, check paragraph 4(b) of the statement on page 2 the payroll form to indicate the payment of fringe benefits in cash directly to the workers. Note any exceptions in section 4(c).

**Use of Section 4(c), Exceptions**

Any contractor who is making payment to approved plans, funds, or programs in amounts less than the wage determination requires is obliged to pay the deficiency directly to the covered worker as cash in lieu of fringe benefits. Enter any exceptions to section 4(a) or 4(b) in section 4(c). Enter in the Exception column the craft, and enter in the Explanation column the hourly amount paid each worker as cash in lieu of fringe benefits and the hourly amount paid to plans, funds, or programs as fringe benefits. The contractor must pay an amount not less than the predetermined rate plus cash in lieu of fringe benefits as shown in section 4(c) to each such individual for all hours worked (unless otherwise provided by applicable wage determination) on the Federal or Federally assisted project. Enter the rate paid and amount of cash paid in lieu of fringe benefits per hour in column 6 on the payroll. See paragraph on "Contractors who pay no fringe benefits" for computation of overtime rate.

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 2.3, 5.5(a). The Copeland Act, 40 U.S.C. § 3145 contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed.
